PROFESSIONAL SUMMARY

Motivated student with a Master's in Computer Science specialization in AI and a BCA degree. Skilled in AI, Machine Learning, and Generative Prompting, with hands on experience in front end development and UI/UX design. Im really excited about solving problems using data and building intelligent systems. Seeking opportunities in AI and related development roles.

EXPERIENCE

Software Developer - Full Time • Creative App Lab Private LTD

2025-08 – Present

Technopark, Trivandrum, Kerala, India

- My work mainly focuses on Python, and I have solid experience using Django to build applications. I've integrated AI models into different projects and also have good skills in HTML, CSS, and JavaScript. I've developed strong abilities in prompt engineering and have used many AI tools to create, improve, and speed up various projects.

Mobile & Web technology intern • Creative App Lab Private LTD

2025-03 – 2025-07

Trivandrum, Kerala, India

- During my internship, I was responsible for designing user interfaces using Figma, Photoshop, and Illustrator. I worked on creating wireframes and interactive prototypes to improve usability and user flow, while focusing on delivering an enhanced user experience. I contributed to the design and development of mobile application interfaces and web interfaces.

EDUCATION

Department Of Computer Science University of Kerala

2023-01 - 2025-01

Master Of Computer Science Specialization In Artificial Intelligence
Computer Science
Grade: 8.94
